

# FOOT PRESS SEALER

[www.banhing.com](http://www.banhing.com)

This machine is applied to seal of various plastic film, such as: polythene, polypropylene, composite plastic, and so on. The design of the machine is reasonable, outside is exquisite. The material of heating appliance adopts nickel steel, the speed of calefaction and cooling is very quick, no distortion, useful time is long. Universal type and pass type can be selected.

## SF-350

- Power supply : AC,220V.50HZ
- Max.seal length : 350 mm
- Seal thickness : 2\*0.3
- Seal width : 2-8 mm
- Weight : 10 kg

## SF-450

- Power supply : AC,220V.50HZ
- Max.seal length : 450 mm
- Seal thickness : 2\*0.3
- Seal width : 2-8 mm
- Weight : 23 kg

## SF-650

- Power supply : AC,220V.50HZ
- Max.seal length : 650 mm
- Seal thickness : 2\*0.3
- Seal width : 2-8 mm
- Weight : 26 kg

## SF-800

- Power supply : AC,220V.50HZ
- Max.seal length : 800 mm
- Seal thickness : 2\*0.3
- Seal width : 2-8 mm
- Weight : 30 kg
