

DONUT FRYER MACHINE

Electric Donut fryer completely by the high quality stainless steel, durable, safe and reliable. Structural design is reasonable, in order to prevent wear and rust, easy to clean. Efficient heat, reduce the labor time, save energy and temperature control function is very good, easy to operate. At the same time, we can provide stainless steel electric fryer, according to the needs of customers.

- With Stainless steel structure
- Economical and practical
- Sturdy and durable
- Safe and reliable

GD-9

- Voltage: 220V-240V/50Hz
- Power: 2KW
- Machine Size: 400 x 340 x 280 mm
- Carton Size: 430 x 370 x 300 mm
- N.W/G.W: 6/6.5 kg

GD-18

- Voltage: 220V-240V/50Hz
- Power: 4KW
- Machine Size: 600 x 400 x 280 mm
- Carton Size: 640 x 440 x 300 mm
- N.W/G.W: 13 / 13.7 kg

GD-9A

- Voltage: 220V-240V/50Hz
- Power: 1.5KW
- Machine Size: 265 x 425 x 280 mm
- Carton Size: 295 x 455 x 300 mm
- N.W/G.W: -
- Material: Stainless Steel
