

ELECTRIC WATER BOILER

Features :

- Synchronization using international advanced energy
- Saving technology industry , rapid heating step .
- Temperature self-test information transmission solenoid control & rapid access to water

HJK-30A2

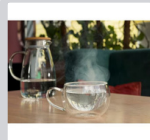

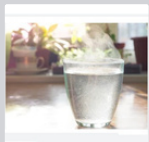

- Voltage: 50Hz220v~
- Power: 3KW
- Tank Capacity: 45L
- Dimension: 410 x 380 x 710 MM

HJK-60A2

- Voltage: 50Hz380v3N~
- Power: 6KW
- Tank Capacity: 80L
- Dimension: 460 x 400 x 900 MM

HJK-90A2

- Voltage: 50Hz380v3N~
- Power: 9KW
- Tank Capacity: 100L
- Dimension: 560 x 420 x 1000 MM
