

PEANUT-SUNFLOWER ROASTING MACHINE

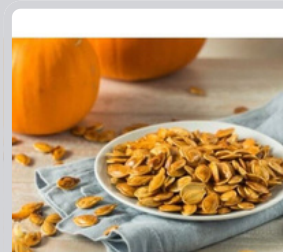

www.banhing.com

Features:

- Function used for roasting the peanut sunflower almonds, pistachio nuts, pine nuts... peanut roasting machine / sunflower roasting machine.
- Elegant structure, delicate technique: made of stainless steel, horizontal roller structure, easy to operate and cover small place.
- Energy-saving, low cost: roast in totally closed environment, even heating, adopts preserving heat material layer which increase the efficiency of heat energy.
- Scientific roasting: the roasting is in the totally closed roller which can decrease the water evaporation greatly.
- It is applying to pumpkin seeds, almonds, sunflower seeds, pistachio nuts, pine nuts, walnuts and coffee beans.

HX-25A

- Voltage: 220V
- Heating Power: 5Kw
- Rotate Power: 1.1 Kw
- Output: 20-25kg/ hr
- Overall Dimension(mm): 900 x 470 x 1000
