

GAS & ELECTRIC ROTISSERIES

YXD-207 (Gas)

- Gas Type: LPG Natural Gas
- Voltage: 220V-240V/50Hz
- Power: 550W
- Machine Size: 670 x 550 x 1580 mm
- Carton Size: 725 x 665 x 1500 mm
- Material: Stainless Steel

Features :

- The transmission mechanism consist of chain wheel, gear reducer and electronic controller and it can be adjusted the speed freely.
- The baking system consist of ceramic silicon radiator film and heat-resistant metal mesh.
- High temperature-resistant tempered glass, easy to see the baking process.

YXD-206 (Electric)

- Voltage: 220V-240V/50Hz
- Power: 7KW
- Machine Size: 670 x 550 x 1580 mm
- Carton Size: 725 x 665 x 1500 mm
- Material: Stainless Steel
