

# POTATO PEELER (STAINLESS STEEL)

OPP-8/ OPP-15

## OPP-8

- Voltage: 240v
- Cycle: 50Hz
- Power: 0.37Kw
- Capacity: 8kg
- Time: 1 ~ 2min
- Weight: 42kg
- Dimension: 430 x 430 x 725mm

## OPP-15

- Voltage: 240v
- Cycle: 50Hz
- Power: 0.75Kw
- Capacity: 15kg
- Time: 1 ~ 2min
- Weight: 67kg
- Dimension: 475 x 540 x 785mm

## OPP-30

- Voltage: 240v
- Cycle: 50Hz
- Power: 1.5Kw
- Capacity: 30kg
- Time: 2 ~ 3min
- Weight: 89kg
- Dimension: 850 x 530 x 800mm

The Stainless Steel Potato Peeler is the new product developed and designed with the imported advanced foreign technology for peeling that are mostly used in hotels and restaurants.

Most suitable for potatoes cleaning canteens, that has a unique design and novel construction.

**It's quality has the following advantage :**

- Belt-driving with high intensity, structure intensive, running smoothly.
- High efficiency, 8kg / 15kg / 30kg holding every time and only 1-2 minutes or 2-3 minutes.
- Beautiful outer structure, easy to clean and operate.
