

DOUBLE DOOR SEA FOOD STEAMER

Features:

- Good Quality Stainless Steel Body and Rack.
- Big Capacity and Multi-Function High Efficiency and Energy.
- Defend Dripping, Easy operation and Cleanness.
- Energy Saving Gas Steamer.
- Fully Automatic Pulse Firing
- Highly Efficient heating Apparatus
- Automatic Watering
- Water Depletion
- Timing Function
- Protective device for unexpected flame out.

SC-2D

A) DOUBLE DOOR SEA FOOD STEAMER

- Capacity: 600 L
- Layers: 4
- Dimension : 670 x 650 x 805 mm
- Weight: 30 kg

Features:

- All stainless steel body , fully automatic pulse firing , highly efficient heating apparatus , automatic watering, water depletion, timing function, protective device for unexpected flame-out .

SC-2D

B) ENERGY-SAVING GAS STEAME

- Gas pressure: 2800Pa
- Gas consumption: 0.8kg/h
- Size: 650 x 740 x 920mm
- Weight: 42kg
- Used gas: LPG gas (with-press adjustable valve)
- Features:
- All stainless steel body , fully automatic pulse firing , highly efficient heating apparatus , automatic watering, water depletion, timing function, protective device for unexpected flame-out .
